

Context & Program

C.NetZero 1st Conference on Climate Change will be delivered to meet the United Nation Framework Convention on Climate Change, (UNFCCC) Recommendations regarding its article 6 and 12 of the Paris agreements. Public awareness and Environmental Education are fundamental and will contribute to the transformational phase the world needs. Nowadays it is crucial to come together, leaving no one behind and rebuild a brighter future for individuals, our society, economy, and our common house. Thus, the aim of this conference is to provide information, address the linkage between Climate Change and some of the Sustainable Development Goals (SDGs). Consequently, it will facilitate and enhanced understanding on what barriers we are facing, and where are the opportunities to overcome those obstacles. Moreover, it will increase the number of eco-citizens who will adhere to the carbon neutrality strategy and the restoration of the ecosystem.
